## Master-Course Feng Shui XUAN KONG DA GUA FENG SHUI

Vienna: 25. – 27. October 2014, Vienna

### AUTHENTIC FENG SHUI from a Chinese Master

In China there were six Xuan Kong schools during the late Qing and early Republic era, but nowadays only two Xuan Kong schools survived, one is the more popular and more well-known Xuan Kong Fei Xing (Flying Stars) School and the other is the more secretive and less well-known Xuan Kong Da Gua (XKDG).

Students who wish to deepen their knowledge in Xuan Kong feng shui should study this system to take their professional skill and knowledge to a higher level.

Take this unique opportunity to learn this secretive compass method directly from a Chinese master,

XKDG is a very useful system when considering the relationship between the Coming Dragon (the mountain behind a site) and the Going Water (the water in front), the sitting and the facing of a site, which can help us how to select a site and how to orientate the building on the site. This system complements the Flying Star well and at the same time we can

strengthen our theoretical understanding of Xuan Kong (time/space) feng shui.

In this three-days course we not only will teach you the basics theories of the XKDG system but also how to apply them in practice.

**Requirements:** basic knowledge of how to recognize the Chinese characters for the 10 Heavenly Stems and the 12 Earthly Branches, as well as some of the fundamental concepts used in Feng Shui like the Hetu, the Luoshu, Early and Later Heaven Trigrams and the construction of the 64 Hexagrams.

**Feng Shui practitioners of various schools are welcome!**

We look forward to a challenging and hands-on workshop in the pleasant atmosphere of a manageable group (max. 10 participants). You will receive a certificate issued by the European College of Feng Shui (ECOFs) Berlin. Instruction is in English with German translation.
